Judge Paul deFonzo
Immigration Court
1000 Second Ave, Suite 2500
Seattle WA 98104

Dear Judge deFonzo,

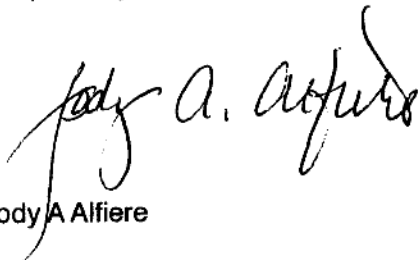

I am a resident of Olympia, WA, and a friend of Zahid and Ann Chaudhry. I write to you on behalf of myself, in 100% support of Zahid. I am also involved in multiple community groups here in Thurston and Mason Counties, and know that my feelings are shared by many.

Zahid, along with his wife, Ann, are two of the most recognized and outstanding members of our community. He works tirelessly on behalf of those less fortunate, in multiple groups and organizations. He has been nothing but a positive influence in our region, always ready to stand for what is right and just for others, volunteering and supporting causes far and wide.

In my opinion, he is a true representation of what a devoted citizen of The United States should be, and I feel it would be a serious error to not grant him full citizenship as soon as possible. Please consider all that he has done for our country, *his* country, and know that he continues on that path to this very day.

Thank you for your consideration.

Respectfully,

Jody A Alfieri
